

Industrial cleaning wipes, Type: R

Order data

Order number	089181 R
GTIN	7322540057492
Item class	08T

Description

Version:

Cleaning refers to the process of removing stains/spots and contamination from surfaces, machines or tools using wipes which are used either dry or with water, solvents or cleaning agents.

The Tork Industrial Cleaning Cloth is a perfect alternative to rags or rental cloths. Its softness and flexibility allows for cleaning tight spaces and intricate components without scratching the surface, yet it's tough enough to mop up oil, grease and dirt, while usable with most solvents. It fits in the Tork Floor or Wall Stand dispensers, developed for safety and efficiency, and the Tork Maxi Centerfeed or Boxed Combi Roll Dispenser, designed for single-hand dispensing.
suitable for holder / dispenser: W1, W2, W3
