

Lubricating grease LINOMAX plus, Weight: 500 g

Order data

Order number	313190 500
GTIN	2050002053021
Item class	30N

Description

Version:

Partially synthetic high-performance grease for regular lubrication of manual chucks and heavy-duty chucks. High bonding capability and water resistance permit constant clamping forces with regular application. The special grease adheres even in the event of rotation in the lathe chuck.

Feature:

Density 1.33 g/cm³.

Consistency class 2.

Coefficient of friction 0.09.

Shelf life 3 years.

Supplied with:

500 g grease cartridge.

Note:

Note the dimensions of the grease gun! Cartridge dimensions: Ø 55 mm × 237 mm.

Technical description

Shape	Paste
Operating temperature range	-25 - 120 °C
Flashpoint	174 °C
Colour	beige
Type of product	Lubricant
