

Garant
XCONNECT data memory stick, Type: 1

Order data

Order number	359455 1
GTIN	4062406370619
Item class	310

Description
Advantage:

- **Quick commissioning without hardware changeover and service engineer use.**
- **No need to interfere with the machine tool operating system!**

Function:

- **1st step: Download the "Machine data" form in the eShop after inputting article number 359400 1 or 359450 4.**
- **2nd step: Fill in the downloaded form.**
- **3rd step: Send the completed form to xconnect@hoffmann-group.com.**
- **4th step: We will send you the NC cycles configured for your machine and control system.**

XCONNECT, XTOUCH and XCONTROL are only possible in combination with the following control systems:

- **SIEMENS 840D sl from software status 2.6**
- **SIEMENS 828D from software status 4.3**
- **HEIDENHAIN ITNC 640**
- **Older SIEMENS and HEIDENHAIN software statuses or control systems available on request.**

Application:

For transferring the values measured with XTOUCH and XCONTROL to the machine control.

Suitable for :

Tool breakage monitoring XCONTROL No. 359400 1 and 3D radio probe XTOUCH No. 359450 4.

Note:

Signals from both items XCONTROL No. 359400 1 and XTOUCH No. 359450 4 can be received using **1 pc. XCONNECT stick**. **The necessary machine information must be submitted to us using the form. We will then provide you with the NC cycles configured for your machine.**
