

**Permanent magnet clamping block, with fine pole distribution, Type: MH203S****Order data**

Order number	380815 MH203S
GTIN	2050001922281
Item class	33S

Description**Version:**

Two magnetic clamping faces.

SmCo₅ magnets permit extremely high clamping forces for materials that are difficult to machine.

Application:

For profiling and machining small workpieces such as punches etc.

Length A: 100 mm

Width B: 25 mm

Overall height C: 25 mm

Magnetic field height: 6 mm

Grinding allowance in pole area: 6 mm

Pole pitch: 4 mm

Technical description

Width B	25 mm
Magnetic field height	6 mm
Grinding allowance in pole area	6 mm
maximum angular deviation	5 degrees
Pole pitch	4 mm
Type	MH203S

Weight	0.5 kg
Nominal clamping force	180 N/cm ²
Overall height C	25 mm
Length A	100 mm
Type of product	Magnetic clamping plate
