

## DFG manual force gauge, Measuring range: 1000 N

### Order data

|              |             |
|--------------|-------------|
| Order number | 479025 1000 |
| GTIN         |             |
| Item class   | 47F         |

### Description

#### Version:

Universal force gauge with OLED display for precisely measuring tensile and compressive forces. Sturdy die-cast housing.

- **Displays the current force value and peak value.**
- **Programmable function keys.**
- **Monitoring of tolerance limits.**
- **Memory for storing measurements.**
- **Statistical evaluation of saved values.**
- **Average force over time (DFC only).**
- **Interface for exporting data.**

#### Supplied with:

Carrying case, charging plug with USB connecting cable, accessories (pressure pad, hook, tip, fin, V-slot, extension).

#### Optional extras:

Manual test stands on request.

Resolution: 0.2 N

Accuracy: 0.2 %

Measured value memory: 50

Length: 191 mm

Width: 84 mm

Height: 42 mm

---

## Technical description

|                        |   |
|------------------------|---|
| Resolution             | 0.2 N   |
| Accuracy               | 0.2 %   |
| Length                 | 191 mm  |
| Width                  | 84 mm   |
| Height                 | 42 mm   |
| Measuring range        | 100 - 900 N   |
| Measured value memory  | 50  |
| Power supply           | Mains operated  |
| Measurement technology | digital   |
| Type of product        | Draw bar pulling force gauge<br>for tension and compression |
