

DFC manual force gauge, Measuring range: 100 N

Order data

Order number	479027 100
GTIN	
Item class	47F

Description

Version:

Universal force gauge with OLED display for precisely measuring tensile and compressive forces. Sturdy die-cast housing.

- **Displays the current force value and peak value.**
- **Programmable function keys.**
- **Monitoring of tolerance limits.**
- **Memory for storing measurements.**
- **Statistical evaluation of saved values.**
- **Average force over time (DFC only).**
- **Interface for exporting data.**

Supplied with:

Carrying case, charging plug with USB connecting cable, accessories (pressure pad, hook, tip, fin, V-slot, extension).

Optional extras:

Manual test stands on request.

Resolution: 0.01 N

Accuracy: 0.1 %

Measured value memory: 99

Length: 191 mm

Width: 84 mm

Height: 42 mm

Technical description

Resolution	0.01 N
Measuring range	10 - 90 N
Accuracy	0.1 %
Length	191 mm
Height	42 mm
Width	84 mm
Measured value memory	99
Power supply	Mains operated
Measurement technology	digital
Type of product	Draw bar pulling force gauge for tension and compression
