

Garant**CaraFin diamond polishing disc set, 5 pieces, Ø 22 mm, Grit: D1 µm****Order data**

Order number	553980 D1
GTIN	4062406300104
Item class	51G

Description**Version:**

CaraFin diamond polishing tools coated on one side with **mono-crystalline diamond**. The bonded diamond grit achieves significantly **higher effectiveness** than loose diamond grit in polishing pastes. Soft PU backing for truly following the contours.

Advantage:

Ancillary times for preparation and cleaning such as are required when polishing pastes are used are eliminated. Moulds optimally to the contours.

Application:

Polishing work with high flexibility and conformity to contours **without polishing pastes**. Ideally suited to use in combination with micro-abrasive systems No. 078140 and 078150.

Recommended speed 2000 rpm.

Grinding medium code: D

recommended speed: 2000 rpm

Polishing stage: High mirror finish

Colour: black

Technical description

Colour	black
