

**CaraFin diamond polishing disc set, 5 pieces, Ø 22 mm, Grit: D30 µm****Order data**

Order number	553980 D30
GTIN	4062406300067
Item class	51G

**Description****Version:**

**CaraFin diamond polishing tools** coated on one side with **mono-crystalline diamond**. The bonded diamond grit achieves significantly **higher effectiveness** than loose diamond grit in polishing pastes. Hard polyamide backing. Optimum for polishing out the orange peel effect.

**Advantage:**

Ancillary times for preparation and cleaning such as are required when polishing pastes are used are eliminated. Moulds optimally to the contours.

**Application:**

Polishing work with high flexibility and conformity to contours **without polishing pastes**.

Ideally suited to use in combination with micro-abrasive systems No. 078140 and 078150.

Recommended speed 2000 rpm.

Grinding medium code: D

recommended speed: 2000 rpm

Polishing stage: Final polishing

Colour: white

**Technical description**

Colour	white
Polishing stage	Final polishing

Disc Ø	22 mm
Grinding medium code	D
recommended speed	2000 rpm
Product name attribute	Ø 22 mm
Type of product	Polishing wheel
