

Garant**CaraFin diamond polishing disc set, 5 pieces, Ø 22 mm, Grit: D5 µm****Order data**

Order number	553980 D5
GTIN	4062406300081
Item class	51G

Description**Version:**

CaraFin diamond polishing tools coated on one side with **mono-crystalline diamond**. The bonded diamond grit achieves significantly **higher effectiveness** than loose diamond grit in polishing pastes. Hard polyamide backing. Optimum for polishing out the orange peel effect.

Advantage:

Ancillary times for preparation and cleaning such as are required when polishing pastes are used are eliminated. Moulds optimally to the contours.

Application:

Polishing work with high flexibility and conformity to contours **without polishing pastes**.

Ideally suited to use in combination with micro-abrasive systems No. 078140 and 078150.

Recommended speed 2000 rpm.

Grinding medium code: D

recommended speed: 2000 rpm

Polishing stage: Mirror finish

Colour: white

Technical description

Colour	white
Disc Ø	22 mm

Polishing stage	Mirror finish
Grinding medium code	D
recommended speed	2000 rpm
Product name attribute	Ø 22 mm
Type of product	Polishing wheel
