

Hone – original Arkansas (grey), grit 5000, 3- square, Length×Width: 100X10 mm

Order data

Order number	558680 100X10
GTIN	4037073005836
Item class	56Z

Description

Version:

Natural stone (original-Arkansas) of very fine grit quartzite; very strong edges. For the finest surfaces and burr-free grinding. Grit 5000 (pre-grinding), grit 8000 (polishing).

Application:

For **deburring, sharpening, truing** and **chamfering** of tools and tool cutters. For re-working bores, surfaces and edges in mould making. Also for improving the surface for stock removal, finishing, and polishing. **Best used with oil, paraffin or water.**

Note:

Low dose of oil increases tool life and edge sharpness.

Grit: 5000

Colour: grey

Technical description

Width	10 mm
Grit	5000
Colour	grey
Grit designation	roughing
Length	100 mm
Grinding media	Arkansas quartzite
Shape	3- square

Type of product

Hone
