

Hone – original Arkansas (grey), grit 5000, round, Length×Width: 100X10 mm

Order data

Order number	558684 100X10
GTIN	4037073005850
Item class	56Z

Description

Version:

Natural stone (original-Arkansas) of very fine grit quartzite; very strong edges. For the finest surfaces and burr-free grinding. Grit 5000 (pre-grinding), grit 8000 (polishing).

Application:

For **deburring, sharpening, truing** and **chamfering** of tools and tool cutters. For re-working bores, surfaces and edges in mould making. Also for improving the surface for stock removal, finishing, and polishing. **Best used with oil, paraffin or water.**

Note:

Low dose of oil increases tool life and edge sharpness.

Grit: 5000

Colour: grey
