

FLEX
Polishing machine, Type: PE14-118

Order data

Order number	077771 PE14-118
GTIN	4030293166806
Item class	03S

Description
Version:

- **Microprocessor electronics with stepless speed pre-set, constant speed control by tachogenerator, overload protection, restart inhibit after a power failure and temperature monitoring.**
- **Powerful 1400 Watt motor with high-performance fan for optimum cooling.**
- **Flat gear head reduces the distance to the surface. This allows the machine to be securely guided in any position.**
- **Grip handle: ergonomically shaped with SoftGrip.**
- **Accelerator switch for slow and responsive starting (starting speed at step 1 (250/min)) and stopping in continuous operation.**
- **Optimised air circulation for the best possible cooling of the motor and gear. No irritating exhaust air for the user.**
- **With rubberised resting bar for safe setting down**

Application:

Specially for working on large horizontal and vertical surfaces. For the automotive, maritime and aviation sectors. Polishes at extremely low rotational speed and high torque, e.g. for heat-sensitive surfaces.

Manufacturer's designation: PE 14-1 180

Power consumption: 1400 W

Speed range: 250 - 1380 rpm

Toolholder: M 14

maximum polishing tool Ø: 250 mm

Weight: 2.3 kg

Technical description

Manufacturer's designation	PE 14-1 180
Weight	2.3 kg
Power consumption	1400 W
Speed range	250 - 1380 rpm
Width	117 mm
Cable length	4 m
Toolholder	M 14
Length	405 mm
maximum polishing tool Ø	250 mm
Power supply	Mains operated
Type of product	Polishing machine
