

KÄRCHER**High pressure cleaner unheated, Manufacturer's designation: HD511P****Order data**

Order number	078571 HD511P
GTIN	4054278144863
Item class	07C

Description**Version:**

Mobile high pressure jet cleaner with AC motor. Cleaner has **pressure switch control**, anti-kink system, high-pressure hose that can be rotated under pressure and rotatable stainless steel tubular jet. Sturdy 3-piston axial pump with brass cylinder head. Water infeed of brass. Maximum infeed temperature 60 °C.

The **EASY! Force** high-pressure gun uses the reaction force of the high-pressure jets and therefore reduces the force the user applies to hold the gun. Ensures completely new and non-fatiguing comfortable working. Improved fully ceramic valve. Integral EASY!Lock connection system. Permits quick and easy fitting of accessories (such as nozzles, mild steel pipes) with uniform connections.

Supplied with:

Supplied with 10 m high-pressure hose, stainless steel tubular jet 850 mm with one-way nozzle.

Attention:

German version. Order free UK adapter plug No. 08 1172_GB.

Power consumption: 2200 W

Mains supply fuse: 10 A

Working pressure: 110 bar

Pumped volume: 490 l/h

Weight: 20.5 kg

Technical description

Weight	20.5 kg
Power consumption	2200 W
Manufacturer's designation	HD511P
Working pressure	110 bar
Pumped volume	490 l/h
Mains supply fuse	10 A
