

Filter controller, Internal thread \varnothing : 1/4 inch

Order data

Order number	080011 1/4
GTIN	4047322682671
Item class	08A

Description

Version:

Service unit in modular series ("multifix" system), consisting of filter, pressure regulator and mist atomiser. Control range 0.5- 10 bar, operating pressure maximum 16 bar, operating temperature maximum 60 °C.

Filter controller with polycarbonate case and pressure gauge.

Advantage:

The service unit can be configured individually, e. g. with several pressure regulators, without oil atomiser (for oil-free tools) etc.

Application:

For systems in the pressure range up to 16 bar. Compatible with the products of CEJN, RECTUS and JWL.

Height (H): 190 mm
