

Oil atomiser, Internal thread \varnothing : 3/8 inch

Order data

Order number	080013 3/8
GTIN	4047322244794
Item class	08A

Description

Version:

Service units can be made up as required; the connection clip supplied can be used to add extensions.

Service unit in modular series ("multifix" system), consisting of filter, pressure regulator and mist atomiser. Control range 0.5- 10 bar, operating pressure maximum 16 bar, operating temperature maximum 60 °C.

Advantage:

The service unit can be configured individually, e. g. with several pressure regulators, without oil atomiser (for oil-free tools) etc.

Application:

For systems in the pressure range up to 16 bar. Compatible with the products of CEJN, RECTUS and JWL.

Height (H): 196 mm

Overall length (L) as 3-part service unit: 183 mm

Flow rate for 3-part service unit: 1150 l/min
