Quick soldering iron Multi-Sprint, ERSA Type: 960ED

Order data

Order number	082200 960ED
GTIN	4003008060829
Item class	04C

Description

Version:

Unusually light soldering gun without transformer; with PTC heating element. **Warm-up time approx. 20 sec.** Periodic pressing of the trigger allows heat output to be matched to the heat requirements of the joint. High efficiency internally heated soldering tip. Power cable 1.5 m.

Application:

Particularly useful for assembly and repair work, because of its **working range of 15 – 100 W** (used as standard soldering iron).

Attention:

German version. Order free UK adapter plug No. 08 1172_GB.

Soldering tip width: 3.2 mm

Heating power: 150 W

Heating power: 75 W

Soldering tip temperature after 3 minutes: 350 °C

Weight without power lead: 100 g

Technical description

Soldering tip temperature after 3 minutes	350 °C
Heating power	150 W
Soldering tip width	3.2 mm

Heating power	75 W
Weight without power lead	100 g
ERSA type	960ED
