

Screw extractor "Hi Trac", Type: 6

Order data

Order number	082864 6
GTIN	4012929451609
Item class	04D

Description

Version:

Made of chrome vanadium steel. The sharp edges of the flutes dig into the drilled screw and allow it to be unscrewed. With square drive for use with tap wrench etc.

Application:

For extraction of broken off screws with right-hand thread (pre-drill the hole \varnothing as listed in the table; turn the screw extractor anti-clockwise).

Note:

UNC and UNF threads available on request.

Pre-drill \varnothing : 12 mm

suitable for screws/bolts: M20 – M24

suitable for: hardened steel

suitable for pipe spigots (couplings): 3/8 inch
