

3M**PVC warning marker tape, Colour: YB****Order data**

Order number	083637 YB
GTIN	2050001712356
Item class	08M

Description**Version:**

The 3M™ coloured marking and floor marking tapes are ideally suited for use in situations of building maintenance and for improving safety within the plant. The special structure of the coloured PVC adhesive tapes resists scratching, abrasion, weather and most chemicals. Easy to apply, very supple even on uneven surfaces.

The adhesive tape is suitable for marking out hazard areas and material deposit areas, and for marking corners and edges.

Ideally suited to use areas that see little traffic from industrial trucks. The **3M™ 766i** is yellow and black striped.

Note:

The specified "best before" date for 3M™ products is in relation to compliance with the specified storage guidelines.

Adhesive: Natural rubber

Colour: yellow black

Length: 33 m

Width: 50 mm

Thickness: 0.125 mm

Technical description

Manufacturer's designation	766i
Thickness	0.125 mm
Length	33 m
Width	50 mm
Colour	yellow black
Type of adhesive tape	single-sided
temperature-resistant up to	29 °C
Special features	easy removal
Special features	clings well
Storage temperature	20 - 23 °C
Stretch capability	180 %
Backing material	PVC film
Working life after date of manufacture	12 month
Adhesive	Natural rubber
Liner present	no
Tensile strength	2.28 N/mm
Application	Identification
Application	Marking
Adhesive strength on steel	0.21 N/mm
Storage humidity	50 - 60 %
Type of product	Adhesive tape
