Description

Version:

The **3M™ 471F** can be used for marking hazard areas and gangways, for masking where areas are to be painted and for colour-coded markings or decorative strips. It bonds to a wide variety of surfaces and can therefore be applied quickly and without drips; it requires no drying time or cleaning time and can be removed against without leaving residues of adhesive.

The 3M™ coloured marking and floor marking tapes are ideally suited for use in situations of building maintenance and for improving safety within the plant. The special structure of the coloured PVC adhesive tapes resists scratching, abrasion, weather and most chemicals. Easy to apply, very supple even on uneven surfaces.

Note:

The specified "best before" date for 3M™ products is in relation to compliance with the specified storage guidelines.
