

**Double-sided adhesive tape, width×length: 19X50 mm×m****Order data**

Order number	083775 19X50
GTIN	4054596426634
Item class	08M

**Description****Version:**

The **3M™ 9088-200** is a thin double-sided adhesive tape with polyester carrier for a wide variety of assembly tasks. It carries modified acrylate adhesive which bonds strongly to metal, paper, cardboard and many plastics. The high transparency and temperature resistance, coupled with its good processing characteristics open up countless application possibilities.

**Application:**

Installation, pre-assembly, securing items such as displays, decorative strips, posters. For use indoors and outdoors.

**Note:**

The specified "best before" date for 3M™ products is in relation to compliance with the specified storage guidelines.

Adhesive: Modified acrylate

Colour: transparent

Thickness: 0.2 mm

**Technical description**

Thickness	0.2 mm
-----------	--------

Colour	transparent
Width	19 mm
Manufacturer's designation	9088#-200
Length	50 m
Material of covering	Siliconised paper
temperature-resistant up to	150 °C
Storage temperature	16 - 25 °C
Adhesive	Modified acrylate
Type of adhesive tape	double-sided
Adhesive strength on steel	1.16 N/mm
"Best before" date	24 month
Application	Attaching
Backing material	PET film
Stretch capability	10 %
Storage humidity	40 - 65 %
Special features	UV-resistant
Special features	shear-resistant
Type of product	Adhesive tape
