

VHB™ adhesive tape, transparent, Width×length: 19X33 mm×m

Order data

Order number	083787 19X33
GTIN	4001895594113
Item class	08M

Description

Version:

The **3M™ 4910** is highly transparent and thus can be used for mounting backlit translucent signs, for synthetic resin-reinforced glass, metal, glass and materials with high surface energy (HSE) decorative materials and strips, nameplates and logos, mounting on panels and attachment of stiffening elements.

Double-sided high-performance **adhesive tape** of pure acrylate adhesive (VHB) for permanently strong bonds. High instant tack, high resistance to temperature, weather, UV and solvents. Excellent sealing function, vibration-damping.

Note:

Further 3M™ VHB™ tapes in different thicknesses and lengths are available on request.

The specified "best before" date for 3M™ products is in relation to compliance with the specified storage guidelines.

Adhesive: Acrylate

Length: 33 m

Width: 19 mm

Thickness: 1 mm

Technical description

Application	Sealing
Application	Assembly
Application	Attaching

Adhesive strength on steel	4.8 N/mm
Special features	clings well
Special features	damping
Special features	moisture-resistant
Storage temperature	20 °C
Length	33 m
Type of adhesive tape	double-sided
Adhesive	Acrylate
Manufacturer's designation	4910
Stretch capability	300 %
Thickness	1 mm
Material of covering	Siliconised PE film
"Best before" date	12 month
Colour	transparent
Storage humidity	50 %
Width	19 mm
Product name attribute	transparent
Type of product	Adhesive tape
