

EFFBE**KE precision levelling pad, maximum load capacity: 10000 daN (kg)****Order data**

Order number	086001 10000
GTIN	2050001919274
Item class	08Y

Description**Version:**

Anti-vibration systems for machines. The decoupling of machines and equipment, which are sensitive to vibration, improves process reliability and accuracy. The inserted elastomers damp body noise, vibration and impacts, and ensure optimum production results with reduced noise levels. All mounts are easy to fit and have levelling adjustment.

Levelling pad, holds a set level, with **non-slip coating**. Levelling is performed with a wedge actuated by a fine pitch adjusting screw.

Application:

For machines without fastening possibility and for machines which require specially stiff mounting.

Note:

For higher loads and special applications further mounts are available on request. Air support pads available in the online shop under No. 086003 size SLM1 – SLM12.

Screw-through levelling pads available on request.

Height H: 46 mm

Length A: 200 mm

Width B: 200 mm

Coating H_w: 5 mm

maximum levelling range (height adjustment Ni): ±4 mm

Technical description

Length A	200 mm
Coating H _w	5 mm
Width B	200 mm
Height H	46 mm
maximum levelling range (height adjustment Ni)	±4 mm
Type of product	Machine mount with height adjustment
