

**EFFBE****HPRSF machine mount, maximum load capacity: 2000 daN (kg)****Order data**

Order number	086004 2000
GTIN	2050000971587
Item class	08Y

**Description****Version:**

Anti-vibration systems for machines. The decoupling of machines and equipment, which are sensitive to vibration, improves process reliability and accuracy. The inserted elastomers damp body noise, vibration and impacts, and ensure optimum production results with reduced noise levels. All mounts are easy to fit and have levelling adjustment.

Elastomer metal machine mount in compact design, non-slip with angular compensation.

**Application:**

For setting up machines without anchoring to the floor. Height adjustment requires the use of an (external) adjuster on the machine.

**Note:**

For higher loads and special applications further mounts are available on request. Air support pads available in the online shop under No. 086003 size SLM1 – SLM12.

Ø D: 100 mm

Height H: 19 mm

Angular compensation W: 120 degrees

**Technical description**

Ø D	100 mm
maximum load capacity	2000 kg
Angular compensation W	120 degrees

Height H	19 mm
Type of product	Adjustment element without height adjustment
