

BRAVO™ aluminium lever hoist, Load capacity: 0,25 t

Order data

Order number	086013 0,25
GTIN	3600232511298
Item class	08Y

Description

Version:

Sturdy construction of high-tensile **aluminium alloy** in compact design with low net weight.

Smooth-running **chain release**.

Load chain consists of chain terminating in a swivel hook (with safety closure). The other end is equipped with a lock to prevent overrun.

Application:

Primarily for **mobile use**, where no great lifting forces are required.

Standard lifting height: 1.5 m

Number of chains: 1

Safe working load: 250 kg

Weight: 2.3 kg

Technical description

Standard lifting height	1.5 m
Safe working load	250 kg
Chain release.	yes
Number of chains	1

Weight	2.3 kg
Type of product	Lever hoist / chain pull
