

Yale

Sheet metal gripper TBL plus, Safe working load: 2 t

Order data

Order number	086032 2
GTIN	4025092550024
Item class	08Y

Description

Version:

The gripper is opened and closed using the locking lever. The safety lock prevents the gripper from slipping from the material being transported, even without pulling load.

Application:

For the vertical transport of individual sheet metals and switching panels, profiles, and steel constructions.

Note:

The surface hardness of the material being transported must be less than HRC 30! The weight of the load to be lifted must not be less than 10 % of the given lifting capacity.

Further sizes and types on request.

Gripping range: 0 - 32 mm

Weight: 9.3 kg

Technical description

Gripping range	0 - 32 mm
Weight	9.3 kg
Safe working load	2000 kg

Type of product

Sheet metal gripper
