

Yale

Sheet metal gripper TBL plus, Safe working load: 6 t

Order data

Order number	086032 6
GTIN	4025092557221
Item class	08Y

Description

Version:

The gripper is opened and closed using the locking lever. The safety lock prevents the gripper from slipping from the material being transported, even without pulling load.

Application:

For the vertical transport of individual sheet metals and switching panels, profiles, and steel constructions.

Note:

The surface hardness of the material being transported must be less than HRC 30! The weight of the load to be lifted must not be less than 10 % of the given lifting capacity.

Further sizes and types on request.

Gripping range: 0 - 50 mm

Weight: 20.6 kg

Technical description

Safe working load	6000 kg
Gripping range	0 - 50 mm
Weight	20.6 kg

Type of product

Sheet metal gripper
