

Mitutoyo
Precision vernier height gauge, Marking height: 300 mm

Order data

Order number	443500 300
GTIN	4946368096223
Item class	44A

Description
Version:

Sturdy base with ground base, **scale hardened and ground.**

All reading parts are anti-glare satin chrome-plated. Sharp jet black scales. With fine adjustment. Slightly raised edges to the scale prevent the slide from damaging it. Reading zero and marking scribe are adjusted with reference to the bottom of the base (marking out from "0"). Drawing dimensions can therefore be transferred directly without the risk of calculation errors.

The scribe is **carbide tipped.** With adjustable measuring beam.

Standard: Manufacturer's standard

Calibration: E1

Vernier: 1/50 mm

Error limit: 0.04 mm

Column cross section: 28×9 mm

Base length: 135 mm

Base width: 91 mm

Technical description

Marking height	300 mm
----------------	--------

Column cross section	28×9 mm
Calibration	E1
Base length	135 mm
Base width	91 mm
Vernier	1/50 mm
Error limit	0.04 mm
Standard	Manufacturer's standard
Measurement technology	analogue
Type of product	Height gauge and marking device
