

Garant
Stainless straight edge in a case, Length: 100 mm

Order data

Order number	460095 100
GTIN	4045197444271
Item class	41H

Description
Version:

Hardened, ground, and precision lapped straight edge. Wedge shaped cross section tapering to a point for inspection even in corners, grooves, cut outs etc. With plastic insulated handle to protection against body heat.

Made of **stainless** steel. **Both bevels anti-glare matt finished.**

Note:

The straightness tolerance of the measuring edge refers to a displacement range of $\pm 15^\circ$ to the symmetry plane.

Calibration: F6

Straightness tolerance of the measuring edge: 0.002 mm

Technical description

Straightness tolerance of the measuring edge	0.002 mm
Length	100 mm
Standard	DIN 874
Material	stainless steel
Surface chamfer	non-glare matt finish
Packaging	Wallet
Calibration	F6
Type of product	Straight edge
