

Coordinate plug gauge, Thread: M12

Order data

Order number	494250 M12
GTIN	4046122918652
Item class	48B

Description

Version:

Coordinate plug gauge for determination of the position and alignment of internal threads using a coordinate measuring instrument or tactile MM1 measuring microscope with the tactile TP20 measuring system.

Application:

The plug supports itself by means of a difference in pitch between two successive turns of the thread and thus centres itself on the flanks of the thread. The probe measures the alignment in space of the smooth functional faces.

Material: Gauge steel

Ø D: 12 mm

Width across flats AF: 10 mm

Dimension L1: 59 mm Dimension L2: 24 mm Dimension L3: 18 mm

Technical description

Dimension L1	59 mm
Dimension L2	24 mm
Material	Gauge steel
Dimension L3	18 mm
Width across flats AF	10 mm
Ø D	12 mm
