

Precision pillar file standard, Length without tang mm / Swiss cut: 150/1

Order data

Order number	521100 150/1
GTIN	613548064436
Item class	53B

Description

Version:

Swiss precision files satisfy the highest demands for accuracy of shape, precision cut, removal rate and tool life. Special steel with hardness **65-66 HRC**. Unlike engineer's files, these have **slightly convex shapes** exactly matched to the application, a special cut angle and an extensive selection of different cuts. As a result smooth surfaces are always achieved in the most cost-effective way.

Cuts on 3 faces.

equivalent to German cut: 2 – 3

Cross section: 12x4 mm

Technical description

Length without tang	150 mm
Cross section	12x4 mm
equivalent to German cut	2 – 3
Type of product	Precision file

Accessories

2-component ergonomic file handle Overall length 110 mm	519600 110
