| Order number | 525000 150/0 |
| GTIN         | 613548069431 |
| Item class   | 53B          |

### Description

#### Version:

**Swiss precision files** satisfy the highest demands for accuracy of shape, precision cut, removal rate and tool life. Special steel with hardness **65-66 HRC**. Unlike engineer's files, these have **slightly convex shapes** exactly matched to the application, a special cut angle and an extensive selection of different cuts. As a result smooth surfaces are always achieved in the most cost-effective way.

#### Cuts on all faces; tapers to a point.

equivalent to German cut: 1 – 2

Cross section: 15.1×5.8 mm

### Technical description

|                          |                |
|--------------------------|----------------|
| Length without tang      | 150 mm         |
| Cross section            | 15.1×5.8 mm    |
| equivalent to German cut | 1 – 2          |
| Type of product          | Precision file |

### Accessories

|                                                  |               |
|--------------------------------------------------|---------------|
| Hardwood file handle Overall length 120 mm       | 519400 120    |
| Plastic file handle Overall length 90 mm         | 519510 90     |
| File brush Bristle length L3× width L1 100X25 mm | 576000 100X25 |

|                                                         |               |
|---------------------------------------------------------|---------------|
| Plastic file handle Overall length 110 mm               | 519550 110    |
| File brush Bristle length L3× width L1 80X20 mm         | 576000 80X20  |
| File brush Bristle length L3× width L1 115X40 mm        | 576000 115X40 |
| Plastic file handle Overall length 100 mm               | 519510 100    |
| 2-component ergonomic file handle Overall length 110 mm | 519600 110    |
