

Precision half-round file, Length without tang mm / Swiss cut: 200/00

Order data

Order number	525000 200/00
GTIN	613548069561
Item class	53B

Description

Version:

Swiss precision files satisfy the highest demands for accuracy of shape, precision cut, removal rate and tool life. Special steel with hardness **65-66 HRC**. Unlike engineer's files, these have **slightly convex shapes** exactly matched to the application, a special cut angle and an extensive selection of different cuts. As a result smooth surfaces are always achieved in the most cost-effective way.

Cuts on all faces; tapers to a point.

equivalent to German cut: 1

Cross section: 21.1×6.3 mm

Technical description

Length without tang	200 mm
Cross section	21.1×6.3 mm
equivalent to German cut	1
Type of product	Precision file

Accessories
