

Precision knife file, Length without tang mm / Swiss cut: 200/2

Order data

Order number	526000 200/2
GTIN	613548071281
Item class	53B

Description

Version:

Swiss precision files satisfy the highest demands for accuracy of shape, precision cut, removal rate and tool life. Special steel with hardness **65-66 HRC**. Unlike engineer's files, these have **slightly convex shapes** exactly matched to the application, a special cut angle and an extensive selection of different cuts. As a result smooth surfaces are always achieved in the most cost-effective way.

Cuts on all sides; tapers to a point.

equivalent to German cut: 4

Cross section: 22x4,2 mm

Technical description

Length without tang	200 mm
Cross section	22x4,2 mm
equivalent to German cut	4
Type of product	Precision file

Accessories
