| GTIN | 2050001697899 |
| Item class | 53B |

Description

Version:

The blanks for the **Swiss precision riffler files** are forged from special steel and ground; precision machines give them an extremely precise cut of even density and depth with a hardness of **65 – 66 HRC**. The quality of these riffler files is provided by a clean and precise cut to the very tip of the point. These files feature a very high shape accuracy and a high metal removal rate with extremely long tool life.

Application:

For precise and delicate work even on very hard materials, e.g. in mould and tool making.

Cut: 25 cm
