

## Precision riffler files set SC 2 = medium (12 pieces)

### Order data

Order number	528310
GTIN	2050001697981
Item class	53B

### Description

#### Version:

The blanks for the **Swiss precision riffler files** are forged from special steel and ground; precision machines give them an extremely precise cut of even density and depth with a hardness of **65 – 66 HRC**. The quality of these riffler files is provided by a clean and precise cut to the very tip of the point. These files feature a very high shape accuracy and a high metal removal rate with extremely long tool life.

#### Application:

For precise and delicate work even on very hard materials, e.g. in mould and tool making.

#### Supplied with:

In a roll-up wallet. 1 each file No. 528300 Form 711 – 790.

Overall length: 180 mm
