

Diamond needle file, 215 mm Grit D126 (medium) general-purpose, Type: 3

Order data

Order number	529150 3
GTIN	4007220017319
Item class	53B

Description

Version:

Equivalent to needle files No. 529220, however made from blanks similar to the Habilis files No. 527060 (thicker cross section, high-strength forged tang); approx. **3 times the coated area** of needle files.

Application:

For filing **hardened steels, hard metal, glass, ceramic** and **fibre-reinforced plastics**. Use **light pressure** for filing, particularly on edges. Heavier pressure does not increase the removal rate but damages the file.

Grinding medium code: D

Shape description: half round

Cross-section with coating: 12.5×3.8 mm

Coating length: 100 mm

Technical description

Cross-section with coating	12.5×3.8 mm
Shape description	half round
Coating length	100 mm
Overall length	215 mm
Grinding media	Diamond
Grinding medium code	D
Grit	D126
incl. file handle	no
File handle required	no

Type of product

Handy file
