

Diamond needle file, 140 mm Grit D91 (fine), Type: 11

Order data

Order number	529210 11
GTIN	4007220016930
Item class	53B

Description

Version:

The blanks for these needle files are forged and ground from special steel. The diamond needle files are evenly spread with diamond powder of uniform grit and electro-bonded in place. The even diamond coating and the hardness of the diamond ensure best filing results. **Overall file length = 140 mm**; diamond coated length = 70 mm; shank \varnothing = 3 mm.

Application:

For precision finishing of cutting, stamping and press tools made of **hardened steel** or **carbide**. Also for working **glass, ceramic** etc. Use **light pressure** for filing, particularly at edges. Heavier pressure does not increase the removal rate but damages the file.

Grit:

Fine grit **D 91**

Optional extras:

A **quick-release handle** for these files can be found under No. 519700.

Grinding medium code: D

Shape description: crossing

Cross-section with coating: 5.0×2.2 mm

Coating length: 70 mm

Technical description

Shape description	crossing
Cross-section with coating	5.0×2.2 mm
Coating length	70 mm
Grinding media	Diamond
Grinding medium code	D
Grit	D91

incl. file handle	no
Type of product	Needle file
