

Garant

Polishing point, SiC 150 grit (medium), Width × Length: F20X140 mm

Order data

Order number	552034 F20X140
GTIN	4045197975935
Item class	51G

Description

Version:

Resilient polyurethane polishing points incorporating SiC grit.

Application:

For **deburring work and fine abrasive work** such as in toolmaking. The resilient PU bonding enables good adaptability to contours.

Note:

Other dimensions and hardnesses available on request.

Grinding medium code: SiC

Shape description: Flat

Length: 140 mm

Width: 20 mm

Height: 10 mm

Technical description

Grinding media	Silicon carbide (SiC)
Height	10 mm
Bonding	PU bonding
Width	20 mm
Shape description	Flat
Grit	150
Grinding medium code	SiC

Length	140 mm
Type of product	Polishing point
