

Flap wheel (A), 60 grit, Head Ø×head width: 60X40 mm

Order data

Order number	554100 60X40
GTIN	4045197235503
Item class	52E

Description

Version:

Flap strips bonded on to the shank of the tool.

Abrasive strips covered with **Aluminium Oxide (A)**.

Application:

Primarily for finish grinding and polishing tasks on larger radii in tool and mould making, for vessel and machine fabrication. The abrasive strips adapt to the contours of the component.

Grinding medium code: A

Shank Ø: 6 mm

recommended speed: 8000 rpm

maximum speed: 12700 rpm

Technical description

Grit	60
maximum speed	12700 rpm
Head width	40 mm
recommended speed	8000 rpm
Shank Ø	6 mm

Head Ø	60 mm
Grinding media	Aluminium Oxide grit (A)
Grinding medium code	A
Product name attribute	60 grit
Type of product	Flap wheel
