

**Flap wheel (A), 150 grit, Head Ø×head width: 3/30X5 mm****Order data**

Order number	554400 3/30X5
GTIN	4045197679758
Item class	52E

Description**Version:**

Flap strips bonded on to the shank of the tool.

Abrasive strips covered with **Aluminium Oxide (A)**.

Application:

Primarily for finish grinding and polishing tasks on larger radii in tool and mould making, for vessel and machine fabrication. The abrasive strips adapt to the contours of the component.

Grinding medium code: A

Shank Ø: 3 mm

recommended speed: 16000 rpm

maximum speed: 18000 rpm

Technical description

Grit	150
maximum speed	18000 rpm
recommended speed	16000 rpm
Head width	5 mm
Shank Ø	3 mm

Head Ø	30 mm
Grinding media	Aluminium Oxide grit (A)
Grinding medium code	A
Product name attribute	150 grit
Type of product	Flap wheel
