

## Flap wheel (A), 150 grit, Head Ø×head width: 40X20 mm

### Order data

Order number	554400 40X20
GTIN	4045197803399
Item class	52E

### Description

#### Version:

Flap strips bonded on to the shank of the tool.

Abrasive strips covered with **Aluminium Oxide (A)**.

#### Application:

Primarily for finish grinding and polishing tasks on larger radii in tool and mould making, for vessel and machine fabrication. The abrasive strips adapt to the contours of the component.

Grinding medium code: A

Shank Ø: 6 mm

recommended speed: 12000 rpm

maximum speed: 19100 rpm

### Technical description

recommended speed	12000 rpm
Grit	150
Head width	20 mm
Shank Ø	6 mm
Head Ø	40 mm

maximum speed	19100 rpm
Grinding media	Aluminium Oxide grit (A)
Grinding medium code	A
Product name attribute	150 grit
Type of product	Flap wheel
