

Flap wheel (A), 150 grit, Head Ø×head width: 50X20 mm

Order data

Order number	554400 50X20
GTIN	4045197803412
Item class	52E

Description

Version:

Flap strips bonded on to the shank of the tool.

Abrasive strips covered with **Aluminium Oxide (A)**.

Application:

Primarily for finish grinding and polishing tasks on larger radii in tool and mould making, for vessel and machine fabrication. The abrasive strips adapt to the contours of the component.

Grinding medium code: A

Shank Ø: 6 mm

recommended speed: 9000 rpm

maximum speed: 15300 rpm

Technical description

Grit	150
recommended speed	9000 rpm
Shank Ø	6 mm
maximum speed	15300 rpm
Head Ø	50 mm

Head width	20 mm
Grinding media	Aluminium Oxide grit (A)
Grinding medium code	A
Product name attribute	150 grit
Type of product	Flap wheel
