Order number	556145 280
GTIN	048011646596
Item class	53M

Description**Version:**

Synthetic nylon fleece impregnated with abrasive grit in synthetic resin bonding.

Flexible high-performance fleece with **extremely dense grit distribution** deep into the fibres of the material. The special type of fleece structure permits **more aggressive abrasive characteristics**, a very long working life without clogging and an even **more uniform finish**. The **enormous flexibility** enables use even in inaccessible places.

Advantage:

- **Adapts to the shape of the component.**
- **The open structure prevents clogging and reduces heat development.**
- **Consistent reproducible finish.**
- **Can be used wet or dry.**
- **Contains no materials that could cause corrosion.**

Application:

For manual cleaning and finishing, ideal substitute for steel wool products. **Medium / medium fine:** universally applicable to remove rust film, light soiling, discolouration; for rubbing down ground or brushed surfaces or for degreasing and cleaning prior to painting.
