

3M
Linishing belt (A) 237AA Trizact™, 13×610 mm, Grit: 180

Order data

Order number	558461 180
GTIN	4001895606281
Item class	53M

Description
Version:

The **pyramid-shaped grit (A)** is based on an exactly aligned three-dimensional structure of very small Aluminium Oxide mineral particles. During the abrasive process new layers of grit particles are continuously exposed – right until the backing fabric (X fabric) is reached.

Application:

For smoothing and finishing. For **absolutely consistent fine abrasive results** on all steels, chrome nickel steels, cobalt, nickel, and titanium alloys.

Note:

Other grit sizes, qualities, and dimensions are available on request in line with the manufacturer's minimum order quantities. Unless specified otherwise on the order, belts will be supplied with standard joints. See No. 568526ff for spare linishing belts for burnishing machines.

Iron, sulphur and chlorine constituents: < 0.1 %

3M grit designation: A100

Technical description

3M grit designation	A100
Grit	180

Grinding medium code	A
Iron, sulphur and chlorine constituents	< 0.1 %
Linishing belt width	13 mm
Linishing belt length	610 mm
Product name attribute	13×610 mm
Manufacturer's designation	237AA Trizact™
Type of product	Linishing belt
