

Bench stone original Arkansas in a wooden box, Length×Width: 150X50 mm**Order data**

Order number	558830 150X50
GTIN	4037073001586
Item class	56Z

Description**Version:**

Natural stone (original-Arkansas) of very fine grit quartzite; very strong edges. For the finest surfaces and burr-free grinding. 8000 grit (polishing).

Application:

For **deburring, sharpening, truing** and **chamfering** of tools and tool cutters. For re-working bores, surfaces and edges in mould making. Also for improving the surface for stock removal, finishing, and polishing. **Best used with oil, paraffin or water.**

Note:

Low dose of oil increases tool life and edge sharpness.

Height: 12 mm
