

## V4 Master flap disc (ZA) glass fibre plate, dished for steel and stainless steels, 115 mm Ø, Grit: 40

### Order data

Order number	565444 40
GTIN	4027497487462
Item class	53L

### Description

#### Version:

**The patented sickle-shaped strip-form** and configuration permit a high coating density for an exceptional metal removal rate and a long tool life.

**High coating density for a very long working life** and **outstanding edge stability**. The deep depression permits optimum exploitation of the abrasive fabric (ZA).

**ZA:** Pure **Zirconium Aluminium Oxide** on a polyester-cotton mixed fabric. Very aggressive due to the open grit distribution.

#### Application:

Ideal for **edge grinding** on high-power machines, for **rounding sharp edges**, dressing weld seams and removing weld slag residues.

maximum circumferential speed: 80 m/s

Shape description: dished

Bore Ø: 22.23 mm

### Technical description

Bore Ø	22.23 mm
--------	----------

Grit	40
Shape description	dished
Disc Ø	115 mm
Grinding medium code	ZA
Iron, sulphur and chlorine constituents	< 0.1 %
Product name attribute	115 mm Ø
optimised for material	Steel
optimised for material	INOX
maximum circumferential speed	80 m/s
Type of product	Abrasive flap disc
