

3M Scotch-Brite™

**Compact deburring wheel (SiC), DB-WL, Disc Ø×Width×Bore Ø: 152X25X25 mm****Order data**

Order number	568731 152X25X25
GTIN	2050001661517
Item class	53M

**Description****Version:**

Fleece compact discs create a **reproducible finish**, since fresh grinding grit is continually being exposed. **No change in the workpiece geometry, no grinding groove formation, long working life.**

**Application:**

On **bench grinders** or portable grinders with mandrel No. 556380 size 1–2 and reducer flange No. 568782. Suitable grinding wheel dresser No. 568785.

Deburring wheel made of wound fibre fleece. **For cleaning off larger burrs** on pressed parts, for **rounding** hollows and edges without creating secondary burrs.

Grinding medium code: SiC

Bore Ø: 25 mm

Grit designation: fine

Degree of hardness: extra hard

Width: 25 mm

Bore Ø: 25 mm

Version: 9S fine

**Technical description**

Degree of hardness	extra hard
Grit designation	fine
Version	9S fine
Disc Ø	152 mm
Bore Ø	25 mm
Width	25 mm
Grinding medium code	SiC
Grinding media	Silicon carbide (SiC)
Product name attribute	DB-WL
Manufacturer's designation	DB-WL
Type of product	Compact disc
