GTIN	4017359248423
Item class	57L

**Description****Version:**

Bore diameter 50.8 mm with double keyway 13×7. Other bore diameters available.

Waved high-tensile **stainless steel wire**.

**Application:**

For all popular bench deburring machines. Particularly long working life due to special wire. Ideally suited for economical deburring of flat strips, profiles, pipes, fittings, plastic parts, and the like.

**Note:**

Only the tips of the bristles act on the workpiece. Excessive applied pressure does not improve the result, but increases the required drive power and reduces the working life of the brush.
