| Item class   | 63D           |

### Description

#### Version:

Extra-short arm with flexible angle (90°– 100°), ball point can be inclined at an angle up to 30°. PB Swiss Tools special steel combining maximum hardness with exceptional toughness.

#### Advantage:

Flexible angle at the short arm (90°– 100°).

**90° for insertion:** Even places that are very difficult to access can easily be reached.

**100° for working:** The free space for the hand ensures pleasant and safe working.

#### Material:

Surface nickel-plated, chrome-plated and **powder-coated** for quick location using clear "Rainbow" colour coding.

Material: PB Swiss Tools special alloy.

Stock length: 170×16 mm
