

Hexagon electronics screwdriver Kraftform Micro, Hexagon: 2,5 mm

Order data

Order number	627470 2,5
GTIN	4013288032126
Item class	63F

Description

Version:

Ergonomically configured multi-component handle with smooth-running **rotating cap** (for fingertip pressure during precision work). Optimally shaped **quick turning zone** for fast, efficient screwdriving and **power zone** for transferring higher torques.

Blades of high-quality tool steel, surface matt chrome-plated, black tip. **Hex-plus profile** prevents deformation of the screw head and transmits more torque.

Application:

For precise, efficient screw driving operations for electronics applications. Also ideal for all sensitive setting and adjustment work.

Blade length: 60 mm

overall length: 157 mm
